

L15 Port Protection

1,800 Sqft - L15 Port Protection, Port Protection, Alaska 99000

Property Description

Escape the busy world in this delightfully rustic yet spacious cabin in one of Alaska's most remote & charming towns. At around 1800sqft with 3BD/1BA this hexagonal & light-filled cabin is 2/3-story with a vaulted ceiling & a green house at the top. On 1.29 acres, the cabin is unfinished & needs a lot of work, but it is a cute & comfortable base. Move in & create your rustic fairytale paradise! The property is open & bright with the community garden nearby & lots of open space full of berry bushes. Of-the-grid, heated by a woodstove as well as a monitor, the cabin makes for a peaceful escape & also has a cold storage room. The cabin is on city water. It has a running toilet, but no formal septic system & the shower & hot water is not working. Some roof & foundation work may be needed. The property has city water (which is spring water) & the town even has fire hydrants. Landline phones & satellite internet are available in this area.

Create your amazing Alaskan lifestyle right here! Port Protection is a fascinating little town with an amazing lifestyle - it has been on TV before & a new series is coming soon. No property taxes! With a good down, the owners will consider financing. The town is accessible by boat or plane & connected by forest boardwalks once you get there.

Please note: This is a very remote location, not easy to travel to & this lifestyle is not suitable for everyone. Boating, DIY & remote living experience is important.
